

22/01138/FUL – Land at Heath Mill Lane, Wombourne

No objection, however, we would ask the Planning Officer to consider the potential run off from the land into the Wom Brook.

We would presume that vehicles and plant will require periodic washing off of cement/concrete residue? In that instance how will the run off be collected and disposed of? Is there a risk of contaminating the Wom Brook?

22/01156/FUL – Tresco, Giggetty Lane, Wombourne

No objections

22/01122/FUL – Pedlars Well, Chamberlains Lane

No objections

22/01186/FUL – 41 Meadow Lane

No objections

22/00020/FULHH – 36 Sedgley Road

We have concerns that the extension to the front appears to be going out beyond the existing building line and the proposed loft extension is very substantial and overpowering. None of the other houses on the road have anything like it. Is this in accordance with the current street scene?

23/00035/FULHH – 31 Orton Lane

No objections in principle, however, is there adequate parking for the size of the extension?
